

Three years and now I feel like completeness has set in
'cause it's something to keep time with time
and I know it's not true that I can't keep on like this
'cause I know I feel right and I don't think I miss a thing
and I remember when I heard that song sing,
"if the world doesn't understand then the world has to learn"
and maybe that's true but not everyone has to-
when ten million people all believe in the same thing
how could they be wrong and what is sometimes?
There's a weight on my head but I know I feel right.
