

Remember

Saves the Day

Blow it off let's stay here just for the day
Phone ring right hand reach out to turn off the sound
Long week year round no use no why no way out
What if why not just for once
Pull down the shades and spend the day in the dark
Turn up the stereo and turn back the clock to the start
I remember doing nothing at all
Waking up with you and no where to go
I remember when we used to say
Blow it off let's stay here just for the day
Deadlines headlines no time too late to rewind
Why don't we work to forget
Forever falling further deep into debt
Remember everything you felt on the night that we met
I remember doing nothing at all
On the corner talking nowhere to go
I remember when we used to say
Blow it off let's stay here just for the day
I remember
I remember you
I remember
I remember you
I hope maybe one day you'll say okay let's go let's just get away
I'll drive you talk get lost wherever we want
Why don't we head to the coast
To try to find the places we used to go
Forget it all and say goodbye to the life that we know
I remember doing nothing at all
On our own all night with nowhere to go
I remember when we used to say
Blow it off let's stay here just for the day
I remember
I remember you
I remember
I remember you
