

What Went Wrong

Saves the Day

A month ago
there we were surrendering ourselves
to the local police
paying them not to tell
while we waited we all.....

Sang a song of sorrow
solely to remember
what went wrong

Leonard looked
like a ghost gave him a foot massage
molly shook like a fish
danglining on a line
walter wore womens clothes

Sang a song of sorrow
solely to remember
what went wrong

We sang a song of sorrow
solely to remember
what went wrong

In the darkness
we were all strip searched
nothing was found

Suffering
from the full cavity search
we fell to our knees
to repent
I can recal right now
what it was that we did

We sang a song of sorrow
solely to remember
what went wrong
In the darkness
we were all strip searched
nothing was found
