

15 Minutes of Fame

Saving Abel

You could have told me the sky was falling, falling
And I'd never question it at all, at all
When you get as full on anything as you are on yourself
Your bound to blow, ignition wired explode, explode, explode

15 minutes of fame
Sorry what's your name?
Impossibly vain
I'm just keeping the faith
So don't you complain
If you go insane in your 15 minutes of fame

You spent too much time staring at your reflection, reflection
And I don't know what it is you see, what you see
When you get as full on anything as you are on yourself
Your bound to blow ignition wired explode, explode, explode

15 minutes of fame
Sorry what's your name?
Impossibly vain
I'm just keeping the faith
So don't you complain
If you go insane in your 15 minutes of fame

15 minutes of fame
Sorry what's your name?
Impossibly vain
I'm just keeping the faith
So don't you complain
If you go insane in your 15 minutes of fame
15 minutes of fame
