

Side Roads

Saving Abel

I can't think of any place I'd rather be than right here
Cuz every time I look at you,
A perfect reflection's staring back at me, I swear
I swear...

That some people say I'm crazy,
They say people say I'm lazy,
But you turn around like you didn't hear
Although I see it in your eyes, they always give away your lies
I guess that's why they say life ain't fair
Well it lets me know you care

Let me tell you that I love seeing side roads
You know we've wondered where our time goes
Though we drove a million miles, I made you angry made you smile
This time our path is driven and through
Though I lost my way back to me, thank god I found my way back to you
Yeah, I've lost my way back to me
Thank god I've found my way back to you

I can't think of any face I'd rather see free of tears
Cuz when I look at you I see there's somebody else here that's just like me,
I swear
I swear...

That some people say I'm crazy,
They say people say I'm lazy,
But you turn around like you didn't hear
Although I see it in your eyes, they always give away your lies
I guess that's why they say life ain't fair
Well it lets me know you care

I love seeing side roads
You know we've wondered where our time goes
Though we drove a million miles, I made you angry made you smile
This time our path is driven and through
Though I lost my way back to me, thank god I found my way back to you
Yeah, I've lost my way back to me
Thank god I've found my way back to you

Yeah, mhmm
Yeah
Hey
Ohhhh
Ohhhh

Let me tell you that I love seeing side roads
You know we've wondered where our time goes
Though we drove a million miles, I made you angry made you smile
This time our path is driven and through
Though I lost my way back to me, yeah, thank god I found my way back to you,
yeah
I've lost my way back to me
Somehow I've found my way back to you
