

Those Who Wait

Saving Abel

When the sun goes down and the lights all fade
There's no one else around to try and take you away
Cause I don't want to worry when I'm gone
I don't want to worry when you're alone

So I'll keep my eyes wide open when you see
And when you close your eyes keep missing me
But girl why can't you just behave
Don't you know all good things come to those who wait

When the lights go out and you start to fade
It seems you never seem to care
If I was too far away
Now I don't want to worry when I'm gone
I don't want to worry when you're alone

So I'll keep my eyes wide open when you see
And when you close your eyes keep missing me
But why can't you just behave
Cause all good things come to those who wait
Hmm Hmm Yeah Hmm Hmm

So I'll keep my eyes wide open when you see
And when you close your eyes keep missing me
But why can't you just behave
Cause all good things Mmmm come to those who wait
Those who wait
