

Alright

Saving Jane

Hold on baby
I cant stand this pain
I'm so scared to fly without you
But I'm touching down again
And its been so long baby
Since I saw your face
And I pretend it doesn't matter
Just one thing I cant replace

But it's alright
I will live through this again
And I never said I love you
I hope you know that's what I meant
Cause you're on my mind again

Hold on baby
Is it cold there where you are
Andi know you say you bleed for me but I have all the scars
So long baby it was good but now it's gone
So much I mean to say to you
And it always comes out wrong

But it's alright
I will live through this again
And I never said I love you
I hope you know that's what I meant
Cause you're on my mind again

But it's alright
I will live through this again
And I never said I love you
I hope you know that's what I meant

Cause it's alright
I will live through this again
And I never said I love you
I hope you know that's what I meant
Cause you're on my mind again
