

Looking back to the thought  
To think we called this home  
Reminiscent bitter sweet memories  
I watched them dissipate  
Through my finger tips  
I felt so helpless  
Turn your back for it wouldn't be the first time  
Your heart changes with season  
I'll be fine on my own  
I wish forgetting was a little bit easier  
Your shadow looms on me  
Bide your time to make your mind  
While I quietly die  
The sky is bright  
But your shadow seems to darken my days  
While I quietly die  
The sweetest dream, turns into a nightmare  
A deep incision to my affliction  
Say it wasn't real to make this easier  
Say it's all just a fucking dream to make this easier  
This chapter comes to conclusion  
A brand new page, a brand new day  
For now I know, now I know  
I'm never coming home  
Fuck the memories  
That use to be the air that I breathe  
Now it's choking me  
Looking back in my head just makes me think fuck  
Now it's choking me  
I'll watch you fucking dissolve  
Today I shake your shadow  
I'll watch you wither away to nothing  
I'll watch you wither away, I watch you wither  
I'm never coming home, never coming home
