

Breathe  
I grasp on with patience  
I'll hold on  
My gracious heart beats on  
My gracious soul holds strong  
My gracious soul  
My gracious heart beats on, soul holds strong  
I praise the day my spoiled soul will take me home  
Will take me home  
These depths feel all too familiar  
And they force me back  
To the very beginning  
A time of obscurity, I'm so alone  
In devils lair, all on my own  
In devils lair, all by myself  
And they force me back  
All the love in my heart only weighs me down  
All the love in my heart only helps me drown  
All the love in my heart can get fucked  
Because they kiss like Judas, no trueness  
Don't try to slow me down, my Judas  
I can't settle to be just another no one  
No I've got ninety nine questions  
And no ghost on my shoulder telling me  
This is impossible, this is stupid  
Please get out of my way  
I don't care if I'm careless  
I can't remain voiceless  
My gracious has learnt from all the lessons that I've learnt  
I am on top of the world all by myself  
I'm on top of the world and I can't look back at the friends  
That don't mean shit and the bitch that never loved me  
They don't mean shit  
I'm feeling twelve foot tall  
And I can't look down  
I am on top of the world  
All by myself  
I'm still on top of the world  
In devils lair  
If you could only see it  
You would be so amazed  
I built an empire  
I built desire  
My gracious heart has learnt a cheap trick  
You people are deceivers  
You faggots make me sick
