

A Man Alone

Savoy Brown

To hurt to cry
I`m holding back the tears
I want to run and hide
From all the wasted years
In this lonely room room
I sit and stare

A man alone (2x)

To down to smile
Now the love has gone
A look for reasons why
Where did we go wrong
In this lonely room
I sit and stare

A man alone (4x)

There is cold feeling
It`s like ice around my heart
I feel confusion in my mind
And it`s tearin` me apart

To hurt to cry
I`m holding back the tears
I want to run and hide
From all the wasted years
In this lonely room room
I sit and stare

A man alone (4x)
