

# Highway Blues

**Savoy Brown**

Standing by the highway  
Looking for a ride  
Standing by the highway  
Looking for a ride  
Sad out on the streets you know  
The only friend the blues by my side

Wait a second hour  
Seems like forty days  
Wait a second hour  
Seems like forty days  
People passing by and stare  
The looks they gave makes you send me in my grave

Hitch-hike on the highway  
I ain't no one to fear  
Hitch-hike on the highway  
I ain't no one to fear  
Headed for the open road  
Pack on back, I'm doing what I can
