

I'm Alright Now

Savoy Brown

I'm alright now
it's six o'clock in the morning,
And i've been off since a quarter to three.
I've been a-thinking about the past
A-bringing back sweet memories.
I used to be dead too long,
And never thought I found a friend,
But since you came into my life
I never feel that way again.

and i'm oh - oh - all, i'm alright now,
Yes i'm oh - oh - all, i'm alright now, (i'm in love with you ba
by optional)
Yes i'm oh - oh - all, i'm alright now,
Yes i'm alright now.
I used to sit alone and cry,
And watch the world pass on by,
But then you came knockin' at my door,
You made me glad to be alive.
