Made Up My Mind

Savoy Brown

No more tell you woman To be so mad with me I didn't do nothing For you to treat me eviley

Oh listen to my story Before you send me away Please don't nail me baby Until you've heard what I got to say

Cause I made up my mind I made up my mind I made up my mind That your the girl I want to be mine

I just want you baby To be on my side Show me your sweet nature Act a little nice and kind

Cause I made up my mind I made up my mind I made up my mind That your the girl I want to be mine

Cause I made up my mind I made up my mind I made up my mind That your the girl I want to be mine

Oh listen to my story Before you send me away Please don't nail me baby Until you've heard what I got to say

Cause I made up my mind I made up my mind I made up my mind That your the girl I want to be mine

I just want you baby To be on my side Show me your sweet nature Act a little nice and kind
