

# Billy Does Your Bulldog Bite

Sawyer Brown

Well, there's a girl in the neighborhood  
I'd get close to her if I could  
I think she likes me but I don't know for sure  
I walk by and she's wavin' from the door

Her kid brother's got a dog that's mean  
Meanest dog that I've ever seen  
Can't even set a foot in her yard  
Hey, little Billy, why're ya laughin' so hard?

Billy, does your bulldog bite?  
I gotta see your sister tonight  
I wanna kiss and hold her tight  
So quit foolin' around  
And tell me, Billy, does your bulldog bite?

Well, so I went down to the pound  
And I got me a female hound  
One that, that old bulldog would like  
And I turned her loose on him tonight

So, Billy, where's your bulldog Spike?  
I haven't seen him around here all night  
I bet that now he feels alright  
I don't miss him a bit  
So tell me, Billy, where's your bulldog Spike?

I used to have to say, Billy, does your bulldog bite?  
I gotta see your sister tonight  
I wanna kiss and hold her tight  
So quit foolin' around  
And tell me, Billy, does your bulldog  
Billy, does your bulldog, Billy, does your bulldog bite?

I used to have to say, Billy, does your bulldog bite?  
I gotta see your sister tonight  
I wanna kiss and hold her tight  
So quit foolin' around  
And tell me Billy, does your bulldog  
Billy does your bulldog, Billy, does your bulldog bite?
