

Garage Band

Sawyer Brown

Girls they sit and listen
and they wink and wiggle
And they like to sing too
in my garage, in my garage band
We're here on a mission
Jammin' with the fellas
Maybe get a hit song
in my garage, in my garage band

And it's John, Paul, Elvis and me
We play and we sing
Yeah yeah yeah, yeah yeah yeah
and the neighbors say we're way too loud
They'll call the militia if we don't turn down
We just say whatever it takes
Publicity might be our break
In my, in my garage
In my garage band

We'll be rich and famous
Hollywood's a waitin'
Singin' on a talk show
in my garage, In my garage band
Go behind the music
I'll tell 'em how it started
Just me and my guitar
In my garage, in my garage band

And it's John, Paul, Elvis and me
We play and we sing
Yeah yeah yeah, eah yeah yeah
and the neighbors say we're way too loud
They'll call the militia if we don't turn down
We just say whatever it takes
Publicity might be our break
In my, in my garage
In my garage band

We ain't doin' nothin' wrong
We're just the boys in the band
Here's a little message
That I hope you understand

And it's John, Paul, Elvis and me
We play and we sing
Yeah yeah yeah, eah yeah yeah
and the neighbors say we're way too loud
They'll call the militia if we don't turn down
We just say whatever it takes
Publicity might be our break
In my, in my garage
In my garage band
