

I Got A Plan

Sawyer Brown

I believe this world we live in is like a big blue door
That we come into and then we pass through
Like so many have done before
And I believe a baby is a miracle
So is the love that life becomes
So begins this beautiful journey
With our Father and with His Son

Leading and guiding and giving us strength in our faith
I know it's through grace
I got a plan to be with angels
I got the sweetest promise there has ever been
I got a handful of people I love
And I want to be there with them
A seven-day saint or a seven-day sinner
It seems my soul is always on the run
But I got a plan to be with angels
I love where angels are comin' from

Sometimes I have this vision
I see that river, and I see the shore
And I walk down into the water
Till I don't want, till I don't want no more
I wake up with this peaceful feeling
In my heart, my soul and my mind
What was once a weight on my shoulders
Is now the hand of something divine

Leading and guiding and giving us strength in our faith
I know it's through grace
I got a plan to be with angels
I got the sweetest promise there has ever been
I got a handful of people I love
And I want to be there with them
A seven-day saint or a seven-day sinner
It seems my soul is always on the run
But I got a plan to be with angels
I love where angels are comin' from

I got a plan to be with angels
I love where angels are comin' from
