

# I Will Leave The Light On

Sawyer Brown

Don't know why you must go  
I'm not sure, you really know  
Remember me, how easy and tender that it used to be  
There's no right, there's no wrong  
I just want you back where you belong

And that's why  
I will leave the light on  
I will leave the light on  
I will leave the light on for you

You can run, but you can't hide  
From the feeling you bury inside  
In my heart, I know this is true  
It's one of the things that I learned from you  
Lovers come, lovers go  
And there's much more to this than you know

That is why  
I will leave the light on  
I will leave the light on  
I will leave the light on for you

When your fairweather friends  
Leave you standing by yourself in the pouring rain  
When the nights are dark and lonely  
Call my name, call my name  
You can retrace your steps  
Oh, but don't you forget

I will leave the light on  
I will leave the light on  
I will leave the light on for you

Don't know why you have gone  
Hope you can find your way home  
Until then...I will leave the light on  
I will leave the light on  
I will leave the light on for you
