

Ladies' Man

Sawyer Brown

I got friends to prove that I wore me a tux on my prom and my wedding day

But I'm really more of a camo guy, I dress it up a little on Sunday

I can talk about fishin' or my favorite teams and

Make it sound just like poetry

But I'm no Casanova and I'm never gonna be a Don Juan

But she's classy and she's so refined

She Likes bubble baths and her water with lime

I ain't nothing but a plain ole guy but

This lady says she loves me so I guess that's gotta make me

A real live genuine bonafide ladies man

That's what I am

A certain ladies man

Bonafide

I drop her off at one to get her toenails done, she calls it a pedicure

I pick her up at eight we're going on a date

And she's looking pretty as a picture

Every head will turn when she walks by

And I don't blame those other guys

But this lady she's with me

And I'm the one she'll be taking home

She's classy and she's so refined

Take a number boys and get in line

I ain't nothin' but a plain ole guy

But this lady says she loves me

So I guess that's gotta make me

A real live genuine bonafide ladies man

That's what I am

I don't need no dark sunglasses

I don't need no fancy car

When she, she looks at me, she says hey boy I love you the way you are

She's classy and she's so refined

Got style and grace working over time

I ain't nothin' but a plain ole guy but

This lady says she loves me

So I guess that's gotta make me

A real live genuine bonafide ladies man

A real live genuine bonafide ladies man

That's what I am

A certain ladies man

Bonafide

I'm a ladies man

A certain ladies man
