

Lady Of The Evening

Sawyer Brown

She's got my picture in her locket
I got my hand in her back pocket
Walkin' through the night in our home town

We take our time as we go strollin'
We might go to a movie, might go bowling
She just says we'll take on what the night will bring

'Cause she's a lady of the evening
But only just for me, man
I'm a wonderin' why she set her likes on me

She's got me overflowing
'Cause she keeps me knowin'
I'll be doin' my leavin'
With the lady of the evening tonight

It was the first time that I asked her
In the hallway when I passed her
To go with me to the drive-in, in my daddy's car

Well, we called it rockin' and reelin'
Oh and I still get that old feelin'
When she looks in my eyes the way she still can

'Cause she's a lady of the evening
But only just for me, man
I'm a wonderin' why she set her likes on me

She's got me overflowing
'Cause she keeps me knowin'
I'll be doin' my leavin'
With the lady of the evening tonight

'Cause she's a lady of the evening
But only just for me, man
I'm a wonderin' why she set her likes on me

She's got me overflowing
'Cause she keeps me knowin'
I'll be doin' my leavin'
With the lady of the evening tonight

She's a lady of the evening
But only just for me, man
And I'm a wonderin' why she set her likes on me

She's got me overflowing
'Cause she keeps me knowin'
I'll be doin' my leavin'
With the lady of the evening

I'll be doin' my leavin'
With the lady of the evening
I'll be doin' my leavin'
With the lady of the evening tonight

She's the lady of the evening
She's the lady of the evening
