Could I lean on you Leona could I rest here for a while could I lean on you Leona please help me make another mile

Could I lean on you Leona would you help me till I'm strong Could I lean on you Leona till I can make it on my own

Well, you have been my rock for ages your the only truth I've ever found and every time I stumple you pick me up on my way down

Well you've been my sanctuary you've been my heaven in the storm and I've always found a shelter here inside your lovin' arms

Could I lean on you Leona could I rest here for a while could I lean on you Leona please help me make another mile

Could I lean on you Leona would you help me till I'm strong Could I lean on you Leona till I can make it on my own

You have always been my sunshine when I'm running from the rain well I know I'm waving at my welcome this one more time please ease the pain

Could I lean on you Leona could I rest here for a while could I lean on you Leona please help me make another mile

Could I lean on you Leona would you help me till I'm strong Could I lean on you Leona till I can make it on my own

Could I lean on you Leona could I rest here for a while could I lean on you Leona please help me make another mile
