

Night And Day

Sawyer Brown

Nothing to say, but I keep on talking
Nowhere to go, but I keep walking anyway
Night and day
It's been this way since the day I found you
It's getting worse every time I'm around you
What can I say? It's night and day

Oh, my day of judgement was the night we met
I say I don't remember, but I can't forget
The only time you're on my mind this way...
Is night and day

I miss every time you're gone for five minutes
Even if I have a dream, you're in it anyway
Night and day
We got a love that goes a distance
I used to wonder if that made a difference either way
It's night and day

Oh, my day of judgement was the night we met
I say I don't remember, but I can't forget
The only time you're on my mind this way...
Is night and day

If I'm waking, sleeping, eating, breathing
Making money, breaking even
Bottom or the top of the world, girl, you're on my mind
If it's spring, fall, hot, cold
Feast or famine, young or old
Maybe not Super Bowl
But that's the only time

We got a love that goes a distance
I used to wonder if that made a difference either way
It's night and day
Oh, all I want to say...
It's night and day
