

She's An I've Got To Have You Girl

Sawyer Brown

She's cool and she's hot
She's got me thinking 'bout convertibles and dropping the top
Going anywhere and I would with her
She's so smooth, she's hip
She's got me watching every move, thinking I'm gonna slip
And fall, yeah, for this girl
Now, everybody thinks I'm crazy, but there ain't nothing like this, baby
No, and I've been around this world

Looking for an I
Oh, I, you girl
She's an I, oh, I
I'm looking for an I
She's an I
I got to have you
She's an I
I've got to have you, girl

She's a groove and she rocks
She like a new dance step, goin' nonstop around my heart
And baby, you are
You're a work of art
She's like a soft watercolor of a walk in the park
And I, yeah, I want this girl
Now, everybody thinks I'm crazy
But there ain't nothing like this baby, no and I, I've been around this world

Looking for an I
Oh, I, you girl
She's an I, oh, I
I'm looking for an I
She's an I
I got to have you
She's an I
I've got to have you, girl

She's real, she's sure
In spirit, she's pure
She's all and more of what I've been looking for

Looking for an I
Oh, I, you girl
She's an I, oh, I
I'm looking for an I
She's an I
I got to have you
She's an I
I've got to have you, girl

I'm looking for an I
She's an I
I've got to have you
She's an I
I've got to have you girl
