

Soul Searchin'

Sawyer Brown

Movin' up on 1999
Got so much around me that I can call mine
I've got my friends got my family
There's something that I'm missin', something I need

I'm goin' soul searchin' to understand
What's in my heart that makes me who I am
I'm goin' soul searchin'
'Cause I know that I can be a better man

In the good book on the table by my bed
Simple direction for my life to be lead
I've got to slow down got to take some time
If the promise land is ever to be mine

I'm goin' soul searchin' to understand
What's in my heart that makes me who I am
I'm goin' soul searchin'
'Cause I know that I can be a better man

When we go what we have we leave behind
Oh but who we are will be ours for all time

I'm goin' soul searchin' to understand
What's in my heart that makes me who I am
I'm goin' soul searchin'
'Cause I know that I can be a better man

I'm goin' soul searchin' to understand
What's in my heart that makes me who I am
I'm goin' soul searchin'
'Cause I know that I can be a better man
