

The Wiseman's Song

Sawyer Brown

They call me a wiseman but I believe
Wisdom is knowing what to seek
With a star as my guide I'm on my way
To see if heaven sent down a baby today
If I follow, I'll learn the way to go

The star rests above where the baby lays
Where shepherds gather round to watch and pray
Kneeling before him my heart finds
A peace that is surely from God's own child
If I follow, I'll learn the way to go

The road I now travel is not the same
As the path that brought me to this place
My heart is full --- my eyes open wide
Knowing only his love can make us wise
If we follow, we'll learn the way to go

They call me a wiseman but I believe
Wisdom is knowing what to seek
