

When Your Heart Goes (Woo, Woo, Woo)

Sawyer Brown

Now they got girls in Georgia
They got girls in Maine
They got girls in the wild wild west
That drive most men insane

And when you hear you take the noise
And you feel the powder boys
Love is on the run
And when you finally find a lover
And she comes an undercover
You know she's the one

When your heart goes woo woo woo woo woo woo
When your heart goes woo woo woo

It'll strike like thunder and lightnin
It'll beat you like a drum
But the fell at first is a far far cry
From the feelin when it's done

And when you go to bed a flutter
And your step is now a stutter
Ears are over mine
And you decidin whether
That you never say never
Love will give a sign

When your heart goes woo woo woo woo woo woo
When your heart goes woo woo woo

When your heart goes woo woo woo woo woo woo
When your heart goes woo woo woo
