

## With This Ring

Sawyer Brown

I'll say my peace and I'll play my hand  
And maybe this way you'll understand  
I'm short on words I was raised that way  
But I still mean all the ones I say

And with ring I promise you  
Everything that I have or can do  
There's so many roads that love can run  
But here in my heart your the only one

I do all right here on my own  
But you give me things I've never known  
Oh here I am getting up my nerve  
It may not be all that you deserve

Here in my heart your the only one
