

# Ain't Gonna Take It

Saxon

Bad luck and trouble get out of my way  
My lady fortune's comin' to stay  
Don't need no bullshit, no Mister Big  
Don't need no contract, no papers to read

I don't need trouble  
I don't need pain  
My lady fortune's coming back again, ya  
I ain't gonna take it, take it no more  
'Cause when push comes to shove  
This can be love  
So I ain't gonna take it no more (no more)

Bad luck and trouble get out of my face  
Your just a loser get off of my case  
Can't steel my thunder, ya can't keep me down  
You ain't going nowhere stop messin around

I don't need trouble  
I don't need pain  
My lady fortune's coming back again, coming back again  
I ain't gonna take it, take it no more  
'Cause when push comes to shove  
This can be love  
So I ain't gonna take it no more  
'Cause I'm movin' on, movin' on

Bad luck and trouble passin' me by  
Your days are numbered it's your turn to cry  
No time for losers with nothing to say  
Sunshine and blue skies heading my way

I don't need trouble  
I don't need pain  
My lady fortune's coming back again  
I ain't gonna take it, take it no more  
'Cause when push comes to shove  
This can be love  
So I ain't gonna take it no more (no more)
