

Backs to the Wall

Saxon

People pushin' like I don't know
I'm gonna live my life like I wanted to
My hopes shot down, my backs to the wall
I've got my pride they can't take it all I've got my pride
They can't take that away
You've got your pride
They can't take that away People pushin' like I don't know
I'm gonna live my life like I wanted to
My hopes shot down, my backs to the wall
But I've got my pride they can't take it all I've got my pride
They can't take that away
I've got my pride
They can't take that away
I'm gonna be free
Gonna be free Can't take my life away
They can't take my life away
Take my life away Can't take my life away
They can't take my life away
Take my life away
Take my life away
Take my life away Back's to the wall
I'm starting to fall
Make your stand, no mans land
Will nobody give me a helping hand
Put me down, wipe me out
Do what you like but I'll put up a fight
I'm goin' to the wall
I'm goin' to the wall
I'm goin' to the wall
I'm goin' to the wall
I'm goin' to the wall
Goin' to the wall
