

# Chasing the Bullet

Saxon

I've been working like a dog  
I need some time  
I've been running around in circles  
Out of my mind  
I've got to pay my bills  
And get away  
I've had about enough  
I'm not gonna stay

We're chasing, chasing the bullet  
We're chasing, chasing the bullet  
Chasing the bullet

I need a long vacation  
A little bit of therapy  
I'm not gonna get it here  
Until I'm running free  
The clock keeps ticking on the wall  
I'm running out of time  
Just staring into space  
I need a sign

We're chasing, chasing the bullet  
We're chasing, chasing the bullet  
Chasing the bullet, bullet

Everybody's left  
I'm on my own  
I'm climbing up the walls  
I wanna go home  
The phone's ringing off the hook  
The world is on the line  
I'm running around in circles  
Out of my mind

We're chasing, chasing the bullet  
Chasing, chasing the bullet  
We're chasing, chasing the bullet  
Chasing, chasing the bullet  
Chasing the bullet  
Chasing the bullet  
Chasing the bullet
