

Going Nowhere Fast

Saxon

I was goin' nowhere
Stuck in this place
No one's really movin'
I can't stand the place
I look to left of me
I look to the right
There's nothing here around me
No exit in sight

I was goin' nowhere nowhere fast
Someone's gotta help me
I'm goin' nowhere fast

Chaos on the highway
I'm in a parking lot
I can't see the problem
I'm sitting here and rot
They blocked to the front of me
They blocked to the rear
I've got a hundred things to do
Instead of sittin' right here

I was goin' nowhere nowhere fast
Someone's gotta help me
I'm goin' nowhere fast
I'm goin' nowhere fast

No signal on the mobile
I talk to myself
I think I'm goin' crazy
I've gotta get some help
I look to left of me
I look to the right
There's nothing here around me
No exit in sight

I was goin' nowhere nowhere fast
Someone's gotta help me
I'm goin' nowhere fast
Yeah I was goin' nowhere nowhere fast
Someone's gotta help me
I'm goin' nowhere fast
I'm goin' nowhere fast
