

# Gonna Shout

Saxon

Waaahhh, whoo  
Ya, shout

We're gonna shout, let it rock  
We're gonna shout, let it roll  
We're gonna shout, let it rock  
We're gonna shout, let it roll

Are you feelin' hot  
Are you ready to rock  
I'll take you to the edge  
Show me what you got  
Are you looking for some action  
Show me your reaction  
You gotta raise your voices high  
Rock will never die

We're gonna shout, let it rock  
We're gonna shout, let it roll  
We're gonna shout, let it rock  
We're gonna shout, let it roll

Are you standing on your seat  
Can you feel the beat  
The flames are getting higher  
Look into the fire  
Can you feel it in your head  
We're gonna wake the dead  
You gotta raise your voices high  
Rock will never die, let it out

We're gonna shout, let it rock  
We're gonna shout, let it roll  
We're gonna shout, let it rock  
We're gonna shout, let it roll

Can you hear me, yeah, yeah  
Are you there, are you there  
Shout it out, yeah  
If you're with us tonight

Let it rock  
(Shout), shout

Yeah  
We're gonna shout, let it rock  
We're gonna shout, let it roll  
We're gonna shout, let it rock  
We're gonna shout, let it roll

We're gonna shout, let it rock  
We're gonna shout, let it roll  
We're gonna shout, let it rock  
We're gonna shout, let it roll
