

Lift up Your Eyes

Saxon

Lift up my eyes
And I look to the sun
Turning my head
To a life just begun

Ain't nobody in this world
Tell me how to live
Ain't nobody in this world
Tell me how to live

Life is for living
Not passing the time
Tasting the fruit
Not to drinking the wine

Ain't nobody in this world
Gonna tell me how
Ain't nobody in this world
Tell me how to live

Lift up your eyes
