

## Power & The Glory

Saxon

I'm a soldier of fortune I'm trained and I'm ready to kill  
Put me to battle I'll follow the sound of the gun  
Give me an order, command me I'll fire at will I've got no emotions I'm living  
with thunder and steel  
I don't hear your lies all I hear are your battle cries  
I'm a soldier of fortune I'm trained and I'm ready to die To the power and the  
glory  
Raise your glasses high  
To the power and the glory  
Be with me tonight A cold death awaits me tonight if I stumble  
or fall  
My friends lay around me their bodies all tattered and torn  
But mine is not to reason why, mine is just to do or die To the  
power and the glory  
Raise your glasses high  
To the power and the glory  
Be with me tonight Can you feel the power  
Can you feel the glory  
Can you feel the power  
Can you feel the glory  
Can you feel the power  
Is it with you tonight I'm fighting for freedom, I'm safe, I've  
got God on my side  
What price in life can you justify your battle hymn  
The General says we'll win the war, just sacrificed a thousand more To the  
power and the glory  
Raise your glasses high  
To the power and the glory  
Be with me tonight  
Tonight, tonight, tonight To the power and the glory  
Raise your glasses high  
To the power and the glory  
Be with me tonight  
Tonight, yaya
