

Rock City

Saxon

We've been a long time comin'
But we're here at last

You want it, we got it
You want it, we got it

Drive time, prime time
You're time, my time
You better get ready, ready to rock
(rock city, rock city)

DJ, VJ
Radio, Video
Crank it up Mama, the time is right
(rock city, rock city)

AM, FM
It's your choice
Looking for the rockshow, make some noise
(rock city, rock city)
Play some crazy rock 'n' roll
Don't stop now, just give me more

You want it, we got it
You want it, we got it

Nightlife, streetlife
My life, your life
Rockin' the airwaves, all night long
(rock city, rock city)

Hi-fi, Sci-fi
Hear my words
We've been a long time coming
But we're here at last
(rock city, rock city)

Dream out, scream out
Jam out, rock out
I hear the guitars screaming in my head
(rock city, rock city)
Play some crazy rock 'n' roll
Don't stop now, just give me more

You want it, we got it
Rock City

You want it, we got it
Rock City
