

## Nibble Nibble

Say Anything

The man who touched me  
He cornered me beneath the trees  
Offering candy  
And bearing something cold for me  
He reached inside me  
To pluck the cherry from my heart  
But when he gripped it  
A billion teeth tore his hands apart

Oh yeah  
Oh yeah  
Oh yeah

Bastard children (gotta get you)  
Your fathers are a pack of wolves (save somebody)  
They're out to eat you (gotta hurt you)  
They'll gobble you until they're full (safe inside me)  
So trap them daftly  
To thrill them in with flesh and musk  
Project your voices  
To deafen those who hear for us

Oh yeah (fixing me up today)  
Oh yeah  
Oh yeah (fixing me up today)  
Oh yeah  
Oh yeah (fixing me up today)  
Oh yeah  
Oh yeah (fixing me up today)  
Oh yeah  
alright, GO!!

Oh yeah (fixing me up today)  
Oh yeah  
Oh yeah (fixing me up today)  
Oh yeah  
Oh yeah (fixing me up today)  
Oh yeah  
Oh yeah (fixing me up today)  
Oh yeah
