

Ana

Say Lou Lou

Back down
Feet are off the ground
I'm lost
I don't want to be found
I'm in the light
1, 2
Slipping in the groove
You're me
And I want to be you
Let's kill some time

And it's true
I always play the fool
We're one but I've never touched you
It's such a crime
It's new
The consequence's cruel
Breathe in and surrender to the mood
We're going high

I need your love
Ana, Ana
I want your touch
Can't get enough
Ana, Ana
I need your love
Ana, Ana

You're a
Wet dream
On a television screen
Dark eyes
Am I staring back at me
Oh, she's so fine
Goddamn
I don't know who I am
Oh, Ana
Can you help me understand
Before I lose my mind

And it's true
I always play the fool
We're one but I've never touched you
It's such a crime
It's new
The consequence's cruel
Breathe in and surrender to the mood
We're going high

I need your love
Ana, Ana
I want your touch
Can't get enough
Ana, Ana
I need your love
Ana, Ana

She's just a little mad
She's just a little mad

I need your love
Ana, Ana
I crave your touch (I crave your touch)
Can't get enough (can't get enough)
Ana, Ana
I need your love
Ana, Ana
(Ana, Ana)
Ana, Ana
