

# Brilliant Sky

Saybia

Nothing has changed,  
I'm exactly the same  
As before we went cruising  
In a high speed lane  
I'm still dreaming of open sky,  
Open road

But grass is not greener  
On the other side  
I know by now  
'cause I walked the red carpet and died  
There is so much more to life  
Than what meets the eye

We're running wild on the ocean  
Running wild

Brilliant sky all over  
There's a brilliant sky all over  
These days, yeah  
There's a brilliant sky all over  
These days  
Hang on, hang on, hang on

And I thought I was safe  
On this one-way crusade  
But reality claimed my heart  
And my friends

Now this is day one  
In the rest of my life  
And I'm feeling all grounded  
And my spirit is high  
And I'm longing for open sky  
Open road

We're running wild on the ocean  
Running wild

There's a brilliant sky all over, yeah  
There's a brilliant sky all over  
These days, yeah  
There's a brilliant sky all over  
These days, these days  
Hang on, hang on

There's a brilliant sky, yeah  
There's a brilliant sky

Ooh, we're running wild on the ocean  
Running wild
