

## Angel's Song

SayWeCanFly

When I woke up and smiled today,  
I couldn't help but sing your name  
cause it's the first thing that came to my mind.  
And before I go to sleep I pray  
I will constantly remain the same and you'll always be mine.

In curing you I found the truth,  
cause you're the only person  
who understands the way that I survive.  
And we walk the world in our bare feet  
but we don't mind cause that's what we're about,  
you know how to look pretty.

But I cannot accept anything but to give you my best.

Angel, oh angel, you have my heart,  
I'll catch you when you fall down,  
when you fall apart.  
Angel, oh angel, you have my soul,  
cause heaven knows when two halves make a whole.

And I honestly never thought  
I would find someone who thought the same,  
that love is more than lust.  
And I'm thankful that you realize  
we will live until we die  
and everything in between is up to us.  
And with everything I do with you,  
I know we got a point to prove,  
to show the world that love is made for two.  
You've got the biggest heart,  
you've got the brightest eyes,  
you know what it means to drop your pride.  
I swear, I was made for you.

But I cannot accept anything but to give you my best.

Angel, oh angel, you have my heart,  
I'll catch you when you fall down,  
when you fall apart (when you fall apart).  
Angel, oh angel, you have my soul,  
cause heaven knows when two halves make a whole,  
when two halves make a whole.
