

I bet my life you've heard this all before
And I also bet my life that you forgot
You've got to hope for the best and prepare for the worst
And always keep your best foot forward

I know that sometimes life gets rough
But that's never a reason to give up
Keep your heart up in the clouds
Never let the people drag you down
I have learned to chase my dreams
I know that if I don't they will get away on me
So I do what I love to do

I know people from around the world
And they show their love through kindness in their words
And that's enough to keep my heart alive
In a place that keeps me struggling to survive

I know that sometimes life gets rough
But that's never a reason to give up
Keep your heart up in the clouds
Never let the people drag you down
I have learned to chase my dreams
I know that if I don't they will get away on me
So I do what I love to do

Let me tell you a secret
It gets me through
And I hope you believe it
Wake up every day
You know exactly what you want
And you will find it
But don't get lost

I know that sometimes life gets rough
But that's never a reason to give up
Keep your heart up in the clouds
Never let the people drag you down
I have learned to chase my dreams
I know that if I don't they will get away on me
So I do what I love to do
I do what I love to do
