

# To Love And Lose

SayWeCanFly

And I can't believe you let me go  
After everything I thought you'd know  
But now that you're the only one  
Who makes me hate myself  
as much as I hate (1,2,3) love

I'm sick and tired of the games  
I'm sick and tired of the names  
I'm sick and tired of the way  
you make me feel  
Look what I'm doing to myself  
And I don't quite understand  
The right you think that you have  
The tear me right the hell apart  
Scene by scene  
Stitch by stitch

And I can't believe you let me go  
After everything I thought you'd know  
But now that you're the only one  
Who makes me hate myself  
as much as I hate... love

And all the winds and the sails  
has died right down  
All the sun that was  
there turned into clouds  
Is it all just in my head?  
I know the seasons change  
I swear it's all the same  
Just a way to spice things up a bit  
But there was nothing there  
to begin with

And I can't believe you let me go  
After everything I thought you'd know  
But now that you're the only one  
Who makes me hate myself  
as much as I hate...

Oh, I'm going down  
just like a sinking ship  
At the lowest of the low  
I'm not the saddest I've ever been  
Was it you, was it me?  
Who gives a damn?  
I just want you to know...

I can't believe you let me go  
After everything I thought you'd know  
But now that you're the only one  
Who makes me hate myself  
as much as I hate...
