

# You May Live On Earth

SayWeCanFly

(Someday you will go  
Far away from me  
But you'll be coming home  
To light up everything  
We were made to be human  
And though sometimes we bleed  
You're the only one I've seen  
With beautiful angel wings  
With beautiful angel wings)

I met a girl so long ago  
She took away my heart  
Took away my self control  
She made me see the beauty in my broken bones  
She promised me I would never be alone  
And now I sleep, now I sleep inside the walls  
Of simply existing it all  
Wondering if she'll ever know  
She will always be part of my soul

And someday you will go  
Far away from me  
But you'll be coming home  
To light up everything  
We were made to be human  
And though sometimes we bleed  
You're the only one I've seen  
With beautiful angel wings  
(With beautiful angel wings)

Sometimes it's hard to accept myself  
Taking on my flaws, understand what I have lost  
To know that I may never have another chance  
To look into your eyes and see love again  
I will leave you alone, if it'll make you happy  
I simply can't live with myself  
If you don't know I'm sorry  
Maybe you're sick of me  
But that won't stop me from trying  
Cause you never left me

You're the only one  
You're the only one  
You're here with me  
You're here with me  
You're here with me  
You're here with me  
You're here with me  
You're here with me  
You're here with me

And someday you will go  
Far away from me  
But you'll be coming home  
To light up everything  
We were made to be human  
And though sometimes we bleed

You're the only one I've seen  
With beautiful angel wings

And someday you will go  
Far away from me  
But you'll be coming home  
To light up everything  
We were made to be human  
And though sometimes we bleed  
You may live on earth  
But you're an angel to me  
(With beautiful angel wings)
