

Evil Twin

Scanners

I'm no superhero
I'm no superhero
I'm your evil twin

I'm less than a zero
I'm less than a zero
Breathing out and breathing in

I'm your negative
I'm the other side
I'm your evil twin
I'm the other side

Friends in high places
I am your master
Love won't set you free

I lost my meaning
So tell me your story
That's my price now tell me yours

I'm polluted now
No clean thoughts are mine
I just turn and run
As the siren whines

I'm your negative
I'm the other side
I'm your evil twin
I'm the other side

In love with deception
I have no reflection
Mirror on your empty soul

Don't you mess with me
I'm the other side
I'm the powers that be
I'm the other side

I'm your negative
I'm the other side
I'm your evil twin
I'm the other side
