

In My Dreams

Scanners

I know I've been this place before
I only come here after dark
I step on through the open door
And take the path that I must walk

In my dreams I walk with you
The silence of the waking world
In my dreams I talk with you
And then forget all that I've heard

Eat me, drink me, make me grow
A dolls-house and I'm trapped inside
I'm too small for this four-walled world
I'll break these shutters open wide

In my dreams nothing is wrong
In my dreams you call my name
In my dreams all sense is gone
In my dreams nothing remains
You're not alone, you're not alone, you know

The monsters hide behind the wall
Hungry for your heart and soul
they'll open wide and eat you whole
Escape is now impossible

In my dreams I walk with you
In my dreams you call my name
In my dreams I talk with you
In my dreams nothing remains

In my dreams nothing is wrong
In my dreams you hold my hand
In my dreams all sense is gone
In my dreams nothing remains
You're not alone, you're not alone, you know
