

# Violence Is Golden

Scanners

Love is red sheets of pain  
A flawless disease  
Invisible chain  
Love is red sheets of pain  
A flawless disease  
Invisible chain  
Oh lover scream out my name  
Your spiralling song  
Your tortured refrain

The music of your spinal cord  
Your brainwaves crashing on the shore  
You had my all but needed more

Your violence is golden

Nail the purple heart to your door  
A conflict of souls  
A beautiful war  
But is it this pain I adore  
Across the hot coals  
I crawl on your floor

The rhythm of your breaking heart  
Crashing as you fall apart  
Longing for a brand new start

Your violence is golden

Begging for a mercy killing  
Death gives way to new beginnings now
