

Retaliator

Scar Symmetry

Behold essence of unearthly
Holographic entity
Shape shifting being within me
Defying the eyes

I emerge from within
Cold-blooded design
Rising terror
Towards mankind

Retaliator
Retaliation's coming
Retaliator
Inter-dimensional

Beyond five sense reality
Reptilian frequency
Temples and shrines that you see here
Were built in my name

I shall bring the end
To all of your kind
Faithful servants
Prepare to be devoured

Retaliator
Retaliation's coming
Retaliator
Inter-dimensional
Prime desecrator
Fall to the new world order
Death generator
Servants and fiends alike

Your prevailing reality defines me
As any folklore being

Prime desecrator
Fall to the new world order
Death generator
Servants and fiends alike

Your revelation or your damnation
Either way I bring you death

Prime desecrator
Fall to the new world order
Death generator
Servants and fiends alike
