

As I proceed to give your ass what ya need  
A straight guerilla, that hit these niggas for the scrilla  
The wig spliter, I cock this 44 revolver, the problem solver  
Step and get wet, like saliva  
Like Pearl Harbor, I bomb muthafuckas  
Got a whole army, so bring it on muthafuckas  
You gets no ends, fuckin with interface, nigga  
Your facin death, cause it's a whole clique of killas  
And cap peelas, niggas that don't give a fuck about they damn self  
You'll get your ass heated up, beat a nigga blue  
And now we wanna get his crew, I take his whole crew  
And I go through em like the flu  
I finish niggas  
Got more Clan than Menace niggas  
I pull triggas, bring the pain to bitch niggas  
And terrorize, and I could see it in they eyes  
I capitalize, when it's down to Krunch Time, it's Krunch Time

Hoe's phase em all  
Cause I'm Mac like Mall  
But fuck a brawl, I beat a bitch to my hall  
Country is hell, straight from the land of ATL  
Got a gang of dope, except I sell it from the shelf  
A million sells, and now these muthafuckas jealous  
Schemein and plottin, and then they asses smell rotten  
Lost and forgotten, they shoulda known there ain't no stoppin  
Niggas be floppin, releasin shit when I be droppin  
Some try to copy, bullshit be sounding sloppy  
But they can't get me, them niggas suck like a hickey  
The rhyme sender, drop your shit and surrender  
You're no contender, make niggas Fall like November  
In the fuckin rumble, you'll see the biggest nigga crumble  
Tryin to tumble, I make the widest nigga humble  
Big as Mutumbo, stepped away for 44  
Your ass is dying, goddamit, in Krunch Time, it's Krunch Time

I hope now you see, that can't nobody fuck with me  
In this industry and in the F-a-c-e  
The fuckin label, with straight guerillas in the stable  
Hit ya like Cable, ain't no muthafuckas able to stop my crew  
Interface run shit, and if you niggas can't recognize  
your ass die quick  
Bitch, you're askin to catch a casket  
I'm so drastic, pullin the trigger back like elastic  
And blasted your whole area, hoe I bury ya  
For layin your mouth ahead of ya  
I'm the predator, and you the prey  
Nigga watch what you say, I keep this AK  
So muthafucka make my day  
There's no escapin from this full blooded ape and  
You made a mistake-in, and now the beast has awakened  
Time to take your life, nigga  
You shoulda thought twice  
Now your ass is mine, muthafucka, in Krunch Time, it's Krunch Time
