

The Geto

Scarface

I dedicate this to my world doug strugglers
I hope metafy you with peace and all hustling
I'm busting, for ya'll niggas
Cause your my niggas on tha realer
Beground these streets for stacking peeler
For the dealers, save back on your teams
And underrestamate with these who do
You get the paper and then get of the street
Ya'll remember, you'll never give the money and the dope to me
Cause i wont give a shee to a nigga starvin
So we can fluss and blow weed hangin' with the warden
How many niggas on the quad who don't giva a fuck
Survivin struggls hiting licks out the hippieclub
I'm just a homie out the hood who did something
So why are you fronting
I'm in for ten years and i'll still wanted
You heard me homie!
Or do you try to tell it to the dumdums
They call you niggas
And niggas try steel were they come from
I bring the front to all my homies out riding
Help a homie get on his feet, and we'll all riding
Sange, and fange in this game, but it's true
Be sure that you'll respecting the power, and that's you
Never forget the neighbourhood were it started
The ghette south eight is my hood and my hearts with the...
Ghetto,
Ghetto.
I can't get out of here
Ghetto
Nigga
Ghetto
I can't get out of here
I represent the southeast, of southeast
Millenium muthafucka and kay-doo were ya at
(one time) bring tha rockas
Cause muthafuckas being talkin' for so long
But now i'm down with the innerface clik and it's on
Give a fuck were you're from nigga
And kay-doo always represtentin
That nigga is a fact i've lived in it
Now look at me, ya'll can't steel rabbit
For all ya'll niggas talking that shit, i'm still strapping
Will i strapp ya?
Niggas with all that hot capit
Niggas packin' in fake and it ain't happning
Will you think we're smacking
That yellow road is steady packing
The home of the ghetto slangin
And car jacking
Nigga, i ain't acting
I was brought up in this bitch
From the O.P's and all down to the eastwike
Even flat joe's and even the lingwood is all hood
For the Christ your all driving is all hood
The ghetto
Ghetto

Ghetto
 I can't get out of here
 I got give it up to my ghetto niggas
 In the ghetto, bitch, looking for them ghetto licks
 Getting ghetto rich
 Knowing that the steam in the book flip the gang
 Quick to get my telephone turned on in my mama's name
 This ghetto slang is some shit that can beat collage,
 You ain't fucking with this hustla with street knowledge
 9 to 5
 Still flipping twenties on the side
 Try to get by the feints
 I'm making dollars out of fifty cents
 Got the big body benz, with the wheels on it
 A cellular phone with no bills on it
 Get your ass on this, got to fill on, still want it
 Baby, lean on it, and i can put the kill on it
 You got to strap a nigga lie like a singer
 Putting your baby to sleep
 And turn off your ring and you can catch me on banewick
 Looking sick in a six
 And some schweiz on my wrist
 Now picture this
 You got to blow, cause too many niggas out for mr. Jackson's dope
 Ya'll niggas got to go, to the ghetto
 Ghetto,
 Ghetto.
 I can't get out of here
 Ghetto
 Nigga
 Ghetto
 I can't get out of here
 Deathwall is the site
 When the mic be light
 As twice as shipping advice to my homies who write me in the pine
 Now the sale is hell but kids keep sending me mail
 With their liberty bell, so i can tell you about the half
 And who got cow for riches, and sending bitches,
 I'm making bitches
 I remember when i just to get beat with extension cars
 And we slanged by to see where my house was
 Started stealing out of my mama's purse
 Now that she's gone
 She lives through my songs
 And it sure hurts
 I couldn't have treated her worse than in the ghetto
 And turn our women into wideows
 Sick to see my homie that i ain't with,
 trade with, played with, laughed with
 Dead in a casket.
 To my pumps we can reach the top
 But you got a chance to get off the pop
 If you see your chance baby take it
 I was the last motherfucker in the world who thought i would make it
 But look at me now, a six on the beach in greece
 Check from the motherfucker streets of the ghetto
 Ghetto,
 Ghetto.
 I can't get out of here
 Ghetto
 Nigga
 Ghetto
 I can't get out of here
