

Monopolize

Scariot

In spite the vast they want to control the world
Cut of the hands of those who breach the trust
In the mirror key the system starts to avail
It's merely a question of common sense
Monopolize - Just a drop in the ocean
Monopolize - Can we sell this world?
Monopolize - Brainwash complete
Monopolize - Who cares?
They have found a way to masquerade the lies
Remote controlled like worms and useless flies
Digging holes in the soil for our rebirth
A question of integrity and whipped up froth
Monopolize - Just a drop in the ocean
Monopolize - Can we sell this world?
Monopolize - Brainwash complete
Monopolize - Who cares?
Deep as the depths - Of forever we fall
Recycled as drones - Monopolized world
Deep as the depths - Of forever we fall
Recycled as drones - Monopolized world
Deep as the depths - Of forever we fall
Recycled as drones - Monopolized world
Monopolize - Just a drop in the ocean
Monopolize - Can we sell this world?
Monopolize - Brainwash complete
Monopolize - Who cares?
