

## Carbon Copy Killer

Scarlet

Killing spree for the disposable moderns  
Right now you are the plastic dolls of today  
Slowly dismembering yourselves  
You are an army of decay  
Killing time with flash and shine  
I know all your secrets  
I'm your carbon copy killer  
What's that stench behind you closed door  
Who's that corpse on you bathroom floor  
Your mirror owns you  
Your vanity pimps you  
Let me smear your makeup  
Let me break your porcelain face
