## **Something To Lust About**

I am the savior of rock 'n roll

I am your electric shock control

You feel me up and you feel me out I give you something to lust about Deep sleep dirty and cheap

I'll make you flawed And I'll make you weak I'm so much larger than life Let me seduce you Let me reduce you

I am the savior of rock 'n roll

I will take you where you need to go Let me smell your longing let me make you nothing
